

An Easy Running Car

Is the kind desired by every lover of the sport of automobilism.

Did you ever hear of such a thing as an "easy running" writing paper? Try your pen on a sheet of common cheap, inferior paper, then change to a sheet of that made by

EATON, CRANE & PIKE.

You will note a vast difference. The pen will glide over the surface of the latter with an ease that will surprise you.

The secret of this is first, the high quality of the material used in the manufacture of these celebrated papers, and second, the beautiful finishes that are imparted to them by a secret process, giving them a smooth, glossy, absolutely perfect writing surface.

TOWN AND VILLAGE COMMENT.

DE RUE BROTHERS' MINSTRELS.

The De Rue Brothers' Ideal Minstrels come this season, not as strangers, but as a guaranteed attraction from the excellent performance given by them here in previous seasons. The company this season is enlarged, both in numbers and paraphernalia, carrying special scenery for every act produced. It is said that a prettier stage picture has never been seen than the grand scenic first part—"A Scene in Italy,"—so natural that the audiences actually believe that they are looking at a real bit of sunny Italy. Seven big vaudeville acts comprise their incomparable olio. A grand street parade will be given at noon, when the excellent brass band of soloists will render a high class concert, also at 7 o'clock at the opera house. The engagement is for one night only, Thursday, September 2, under the auspices of the Odd Fellows. Tickets on sale at Noble's Drug Store.
